Good Afternoon Grant,

Thank you very much for all your inputs at the community meeting last week. The workshop is scheduled on June 28 and July 18, 2018, between 10am and noon. We'll distribute the invite this week once the location is confirmed.

Best regards,

Masami Fukuhara, LEED® AP

Thanks, Masami. I'm sorry that I had to leave before the meeting concluded last week. Is the next meeting/workshop already scheduled?

Good Afternoon all,

As per your request at the community meeting last week, attached please find the budget worksheet for your review. The ROM estimate is for the budget purpose only as we don't have a cost consultant on board yet at this stage of the design. Please let us know if you have any question or need additional information prior to the next workshop.

Best regards,

Good Morning all,

Thank you very much for attending the meeting yesterday. As per your request, attached please find the light level readings we had back in

2017 for your review. Looking forward to seeing you all at the next workshop.

Best regards,

Subject: 1st & Central - Azusa Street

Hello Masami,

Please see attached report we provided back in 2017 with light level readings. The light levels were not too low to be accepted. And is not much lower than the plaza across the street. But the stores on one side of the street are closed at night which makes it appears darker and less inviting.
